COPTHORNE PREPARATORY SCHOOL

**Year 7 Science Revision Guides - September 2018**

07 September 2018

Dear Parents

I know that it is difficult to find an inexpensive but effective revision guides for Common Entrance. CGP have just produced a study guide specifically for CE. It has useful information broken down into small chunks with summary questions (and the answers at the back). I think that it will be useful if you are looking for a book to use at home as it covers all the keys concepts and has helpful hints and tips. There is also a work book to go alongside the revision guide for more practice.

If you would like one or both of these books I am able to purchase them through school for £5.50 each. The normal retail price is £9.95 each although I cannot find the current CE specific one or the work book on Amazon.

Please email me by the 01 October if you would like me to obtain one or both for you. The cost will be added onto your school fee account.

Kind regards

Mrs Coppin

Head of Science
