Dear skiing parents

I need to provide the ski company with the following information, so please can I ask you to weigh and measure your child over the holidays, and return the completed form to me immediately as we return in January. Thank you.

Passport number (please check expiry date!)	
Confirmation your child has an EHIC Card Please check expiry date!	
Weight in kgs	
Height in cms	
Shoe size (UK)	
Pre-existing medical conditions/notes (if none please write none)

Parental consent for photos that could include your child to go on both the school and Interski website	
Confirmation that you have seen the Insurance summary (included in this mailing)	
Confirmation that you have completed the Consent Form and returned it to school. (included in this mailing).	
Skiing Ability (please circle the number that best describes your child's skiing ability	
1. Never put on a pair of skis or only a taster session at a dry ski slope.	
2. Confident to ski nursery slopes using snowplough. Very limited experience	
3. Confident to ski easy blue runs with a mixture between ploughing and parallel turns, but anxious on steep or icy sections.	
4. Confident to ski parallel on all blue runs at reasonable speed and happy to ski reds but anxious and have to pick route carefully when the slope becomes steep or icy. Stuck on the intermediate plateau.	
5. Confident to ski parallel at a steady pace on all reds and easy blacks, but anxious on bumps or off piste. Would now like to tackle more demanding slopes.	
6. Confident to ski parallel at high speeds on reds and can confidently tackle bumps and off piste.	

Many thanks

Chris Jones
