COPTHORNE
PREPARATORY SCHOOL

Dear Parents,

Earth Day, Friday 26th April

As you will hopefully have read elsewhere, we are celebrating Earth Day here at Copthorne tomorrow and children from Nursery to Year 6 will spend the day off-timetable learning all about our species and how to protect them: the theme for National Earth Day last Monday.

As well as talks on hedgehogs and bees, the children will be doing a variety of projects in their classes including learning about pollination, making piggy banks and elephants from plastic bottles, making honey sandwiches and sowing wild flower seeds, and all the Pre-Prep children will be learning and performing an 'Earth Dance'.

We are looking forward to a whole day focussing on our wonderful planet Earth, and how we can help to protect it. Pupils are asked to come in wearing neutral colours (greens, browns, beige, khaki) but please do NOT buy special clothes; the clothing industry already has a very large carbon footprint! If your child does not have anything 'neutral', a plain T shirt is fine.

Best wishes

Chris Jones
