Copthorne Prep - 'The CoolerRuler'

03 May 2019

Dear Parents

A pupil at Copthorne has brought to my attention the 'CoolerRuler' (see attached or follow the link below. I think this is such a good resource and I feel you should be made aware of it.

www.rulerreading.com

It is a 30cm ruler for both left and right handed people. The middle has a cut out section which provides an ideal 'tracking' tool whilst reading and for the longer words that children may struggle to read, there are 2 sliders which can be used to break the word up, making it easier to read. There is also a section where your child's name can be placed.

They are available to order on Amazon for a cost of £8.25.

Wishing you all a great Bank holiday weekend.

Lorraine Joad
