Copthorne Prep - Swimming Pool Update

18 June 2019

Dear Parents

As you are all aware we have had ongoing issues with the pool refurbishment and re-opening. A number of children across the school have swum in the pool since last Thursday, of whom a few have experienced tingling to the mouth and skin. Engineers have confirmed that the chlorine and PH levels are exactly as they should be, but as we are still unsure as to the reason for these reactions, we have closed the pool for the time being.

Very many apologies for this next setback; we are as frustrated as you, but obviously the safety of the children must be paramount. The children will continue with their extended PE curriculum in the meantime.

Kind regards

Chris Jones

Headmaster
